*First released in February 2022, Amarillo gets a new lease of life thanks to the pop-punk Armadillo remix.*

The track's original producers Robert Burbidge and Steve Gligorovic are the brains behind the Armadillo remix, as they pump up the beats and the BPM to create an energetic rework that totally transforms the original.

With guitars and a New Order-style bassline to the fore, and with Winter's vocals sounding more urgent and insistent, the Armadillo remix breathes new life into one of Robert Burbidge's best releases. Mastered by Dennis Moody. Dedicated to my good friend who passed away this month.

Released by: Robert Burbidge Music.

Release date: 20 April 2023.
